

DID YOU CORE

MICKEY AND MINNIE MOUSE WERE MARRIED IN "REAL LIFE!"

Okay, we're being a LITTLE cute with our words here—after all, how can fictional characters be married in real life?— but it IS true that actor Wayne Allwine and actress Russi Taylor got married in 1991. Who are they? Wayne was the voice of Mickey Mouse from 1977 to 2009, and played the popular character in dozens of movies and TV shows. As you can probably guess, his wife Russi was the voice of Minnie Mouse, a role she played for decades!

BECOME A SUPER SAVER!

READY, SET, SAVE! Whenever you find yourself with money (whether through an allowance or a gift) make it a habit to save part of it first—before you do anything else!

JE ...

JUST SAY NO. Resist the urge to buy something in the spur of the moment; this is called "impulse buying." Stop and ask yourself if you really need it. Saving for something you REALLY want will make it that much more special when you are finally able to buy it.

HUNT FOR BARGAINS. Look for sales, discounts, or coupons when buying things. You can get what you want, but pay less.

SHARING IS CARING. Need a new book or toy because you're tired of your old ones? Swap with your friends! It's a great way to enjoy new things without spending a penny!

KIDS CLUB MERCH SPOTLIGHT

IN THE KIDS CLUB merch spotlight this time is the ultra-cool fuzzy wand! It telescopes for pretend lightsaber battles; it's a great way to get at that pesky toy car under your bed that's just out of reach; sing into it like it's a microphone and unleash your inner rock star... the possibilities are endless! It's also a nifty duster in case you need to straighten up your room real quick! For just 7 tokens, it can be yours!

BE SAFE THIS HALLOWEEI

WEAR BRIGHT CLOTHES. Bright clothes help you to be visible to drivers. If your costume is dark, carry lighted items like flashlights and lanterns.

USE CROSSWALKS. DO NOT jaywalk. Streets will be filled with people walking AND driving so you must be extra careful

HOLD SOMEBODY'S HAND. Make sure to hold a parent's hand (or a friend's hand). This will keep you from running off excitedly to catch up with your friends or to look at some cool decorations.

CHECK YOUR TREATS. Have your parents inspect your candy carefully before you begin eating it. Some treats (such as large-sized hard candy) may be not appropriate for younger kids.
